| <b>Lesson/Activity</b>                             | <b>Grades 2 - 4 Technology Standards</b>                                  |
|--|---|
| Air: Interdisciplinary Learning Activities (36-39) | a apply existing knowledge to generate new ideas, products, or processes. |
| Right Flight (52-59)                               | c use models and simulations to explore complex systems and issues.       |
| Delta Wing Glider (60-68)                          | c use models and simulations to explore complex systems and issues.       |
| Making Time Fly (80-86)                            | a plan strategies to guide inquiry.                                       |
| Making Time Fly (80-86)                            | d process data and report results.  |
| Let's Build a Table Top Airport (91-96)            | c use models and simulations to explore complex systems and issues.       |
