

Johnny's Airport Adventure			
1998 Science			
Content Standards			
California Science			
Grade 2			
Activity/Lesson	State	Standards	
Engine Terms (23-24)	CA	SCI.2.PS.1.b	The motion of objects can be observed and measured. As a basis for understanding this concept Students know an object's motion can be described by recording the change in position of the object over time
Engine Terms (23-24)	CA	SCI.2.PS.1.c	The motion of objects can be observed and measured. As a basis for understanding this concept Students know the way to change how something is moving is by giving it a push or a pull. The size of the change is related to the strength, or the amount of force, of the push or pull
