Standards

Measurement
Worksheet 26-32)

PA

MA.3.2.3.3.A

Compare measurable characteristics of different objects on the same dimensions (e.g., time, temperature, area, length, weight, capacity, perimeter).

Measurement
Worksheet 26-32)

PA

MA.3.2.3.3.H

Demonstrate that a single object has different attributes that can be measured in different ways (e.g., length, mass, weight, time, area, temperature, capacity, perimeter).
